### PROFILE

Entry-level IT and cybersecurity professional, recent graduate with a Bachelor of Science in Applied Computer Science and a concentration in Cybersecurity and IT. Experienced in both academic and lab environments involving network defense, system troubleshooting, technical support, and threat analysis. Familiar with tools such as Wireshark, Splunk, and Kali Linux, as well as Windows operating systems. Strong foundation in IT fundamentals including hardware, software, networking, and security best practices. Motivated to contribute to a collaborative, security-focused team while continuing to build real-world experience and expand technical skills.

### EXPERIENCE

#### **SALES AND LEASING ASSOCIATE / CANNON TOYOTA OF MOSS POINT • MARCH 2025 – JUNE 2025**

- Guided customers through the vehicle selection process, delivering personalized recommendations based on technical needs and budget
- Explained complex features clearly and accurately, building trust and transparency
- Documented transactions and client communications using CRM tools
- Achieved or exceeded sales goals in a high-performance, deadline-driven environment
- Applied attention to detail when preparing sales contracts, financing options, and product add-ons

#### **SALES AND LEASING ASSOCIATE / BOB BOYTE HONDA OF MOSS POINT • AUGUST 2024 – JANUARY 2025**

- Conducted needs assessments to match clients with appropriate vehicle models and financing
- Maintained product and competitor knowledge to ensure informed recommendations
- Negotiated pricing and trade-in values, requiring accurate data entry and communication
- Built lasting customer relationships through follow-up and service support
- Demonstrated adaptability and quick learning in a new dealership environment
